To whom it may concern

Re: Goslyn Environmental Systems

I have been a customer of Goslyn since 2011. Since then, I have opened up 3 more locations and have the grease interceptor in all of them. Without a doubt, I believe they are the most effective way to disperse of the unwanted grease. To top off the ease of use, there is never cost to have a grease trap cleaned out which we used to do on a monthly basis. The system paid for itself within 18 months just from the fees we didn't incur anymore.

To this day, we have had zero problems with the units and would recommend them to anyone who is environmentally conscious and likes to save money.

Sincerely,

John Stratigeas  
President – Tin Cup Sports Grill Group
